

Nurses need a strong voice at the Capitol

MNA is the largest, most effective union and professional association for RNs in Michigan. As the voice of all registered nurses in Michigan, MNA advocates for nurses and their patients at the Capitol, in the community and at the bargaining table.

The Michigan Nurses Association's Political Action Committee (MNA PAC) is a voluntary fund that backs pro-nurse candidates running for office. We support elected officials who will fight for our priorities such as:

- a ratio law to save lives (the Safe Patient Care Act);
- policies to keep nurses safe at work; and
- collective bargaining, so MNA can continue to negotiate some of the best contracts in the state.

Without RNs' support, it's harder for elected officials to stand up to the powerful and well-funded hospital industry.

"I'm a PAC donor because I want our elected leaders to listen when we talk about our patients and our profession. I feel good knowing my donation is helping people who are advocating for us."

- Alicia Flores, RN

Did you know?

The PAC of the Michigan Health and Hospital Association, which opposes a ratio law, spends more than \$750,000 a year to influence legislators.

"The MNA PAC helped me get elected, and I have never forgotten that support. I have been proud to be a champion for the Safe Patient Care Act. Your donations can elect more allies who will help fight for nurses in Lansing."

- former State Rep. Jon Hoadley

Doesn't MNA take money out of my dues for the PAC?

No. By law, MNA does not use any dues money for candidate contributions. The PAC consists solely of voluntary donations from members.

Does MNA support one particular party?

No. Our PAC supports candidates who support us regardless of party.

How can I have a voice in PAC decisions?

PAC Board members are appointed by your elected leaders to carefully screen candidates. The PAC also helps educate candidates about nursing issues. To learn more about the board or apply for a position, visit www.minursespac.org.
